

# WE ARE LOOKING FOR A CORE PURCHASER

We are still growing and are now seeking a highly skilled Core Purchaser to carry on the development of purchasing the needed cores for our production facilities, helping us to strengthen the current position of BORG Automotive in the European aftermarket.

Reporting to our Core Manager and in close collaboration with the core teams in Poland, Belgium, UK and Denmark you will become part of a dynamic and efficient purchasing and development team of 9 people across national boundaries.

## YOUR JOB

- Purchase of cores for production in all BORG production facilities
- Develop new suppliers with focus on France within core brokers and car dismantlers
- Maintain the business with existing suppliers, primarily in France and Benelux
- Build close relationships with the key suppliers
- Compiling relevant analyses and statistics
- Travel days 5-15 days a month

## QUALIFICATIONS

- You have an automotive background, preferable from purchasing, sales, dismantling or core business
- Very strong commercial qualifications; trading instincts and long-term focus
- Strategically minded, and attention for detail
- Strong interdisciplinary collaboration skills, professionally as well as cultural
- Independent, but capable of teamplay
- English and French language skills
- Market and customer knowledge

## PERSONAL QUALITIES

- Strong drive and high energy level
- Good communication skills
- Systematic and analytical worker
- Decision-maker
- Direct and persistent

## BORG AUTOMOTIVE OFFERS YOU

- Employment in an international, growing business
- Working with colleagues at all levels in an energetic environment
- A job with challenges as well as development and career opportunities
- A person-orientated culture with a pleasant working atmosphere

We offer you a position in a successful, dynamic, and motivated Core purchasing team with an open management style and significant individual responsibility. We offer good employment conditions and a strong corporate culture. Our head office is located in Silkeborg, Denmark.

If you have any queries, please contact Core Manager Svend Erik Søndergaard on +45 27 79 03 73. Please send your application to Project Manager/HR Kristian Toft Lønborg at [job@dk.borgautomotive.com](mailto:job@dk.borgautomotive.com). **The application deadline is 1st of December 2018.** Applications will be processed on an ongoing basis.

## ABOUT BORG AUTOMOTIVE

With more than 1,500 employees, BORG Automotive is one of Europe's largest producers of remanufactured automotive parts for the independent European aftermarket. We market and sell a whole package of high-quality products under three strong brands. Over the years, we have experienced strong growth, and we now have a three-digit million revenue. Among our customers are some of Europe's largest distributors and purchasing groups within automotive parts.
